

## System PKZ2 Motor Protectors Accessories

	Type	Price
	Article No.	see price list
<p><b>Clip plate</b></p>  <p>Plate onto which the PKZ2/ZM-... motor protector and S-PKZ2 high capacity magnetic contactor are mounted as a unit.</p>	<b>C-PKZ2</b> 052710	<p>Snaps onto one 15 mm high or two 10 mm high DIN rail(s) conforming to EN 50 022-35. Can alternatively be panel mounted using M4 screws.</p> <p>Can also be mounted on AD busbar adapters (→ page 08/042)</p>
<p><b>Three-phase feeder bus connector</b></p> <p>Reduces mounting space and wiring time by eliminating daisy-chain wiring. Can be joined to accommodate more units. Finger-safe construction.</p>		
 <p>For wiring three PKZ2 motor protectors. Space is provided for either two auxiliary contacts or two voltage trips.</p>	<b>B3.1/3-PKZ2</b> 033940	222 mm wide. Can be joined to feed additional PKZ2/ZM. Max. rating: 100 A
 <p>For wiring two PKZ2 motor protectors. Space is provided for either one auxiliary contact or one voltage trip.</p>	<b>B3.1/2-PKZ2</b> 063969	140 mm wide. Can be joined to feed additional PKZ2/ZM. Max. rating: 85 A
<p><b>Incoming supply terminal</b></p>  <p>Terminal used to feed bus connectors. Accepts AWG 14 - 0, Cu only.</p>	<b>BK50/3-PKZ2</b> 033941	For connecting larger cable cross sections to feed bus connectors. Finger-safe design is maintained and protects against shock hazards.
<p><b>Cover for unused terminals</b></p>  <p>Protection against accidental contact of unused terminals on the bus connector.</p>	<b>H-B3-PKZ2</b> 063968	The feeder bus connector must have a latching provision to secure the cover.
<p><b>Padlocking feature</b></p>  <p>For padlocking the motor protector in the OFF position when the panel door is open.</p>	<b>SVB-PKZ2</b> 050337	Accepts up to three padlocks; hasp thickness 5 - 8 mm. Suitable for 1/4" padlocks.
<p><b>Coding pins</b></p>  <p>Uses binary coding to match the motor protector with a trip module.</p>	<b>CS-PKZ2</b> 055083	Coding pins prevent switching of the motor protector if an incorrect trip module is inserted.

## System PKZ 2 Motor Protectors Control Panel Busbar Adapters

	For use with	Rated operational current	Adapter supply leads	Adapter width	Type	Price
		$I_e$ A	AWG	mm	Article No.	see price list
<b>Control panel busbar adapter, 3 pole</b>						
For mounting in industrial control panels on Cu 20 x 5 mm busbar arrangements with 60 mm phase separation.						
	PKZ2/ZM-... PKZ2/ZM-.../S without accessories	40	8	72	AD40/5-1 025401	The back of the adapter connects onto the bus. Components are mounted on top of the adapter and wired to the supply leads.  All assembly is done under de-energized (power OFF) conditions.
	PKZ2/ZM-... PKZ2/ZM-.../S with all possible accessories	40	8	144	AD40/5-2 025403	
For mounting in industrial control panels on Cu 30 x 10 and 20 x 10 mm busbar arrangements with 60 mm phase separation.						
	PKZ2/ZM-... PKZ2/ZM-.../S without accessories	40	8	72	AD40/10-1 025402	
	PKZ2/ZM-... PKZ2/ZM-.../S with all possible accessories	40	8	144	AD40/10-2 025404	
	Adapter extension	—	—	9	AD-E 060511	Push-fit strip, can be mounted onto AD... to extend mounting width
